SUMMARY

Motivated and detail-oriented Full Stack Developer eager to leverage educational background and project experience in contributing to the end-to-end design, development, and configuration of applications that address real-world business needs. Seeking an opportunity in a challenging and collaborative environment to grow and enhance my skills.

TECHNICAL SKILLS

- **Frontend** : HTML | CSS | JavaScript | Bootstrap
- **Backend** : C# | ASP.NET | ADO.NET
- **Database** : Microsoft SQL Server 2022 | PostgreSQL
- **Framework** : .NET Framework (4.7) | Blazor
- **Tools** : Visual Studio | Git | GitHub
- **Soft Skills** : Communication | Leadership | Adaptability

WORK EXPERIENCE

Vaaradhi Web & IT Services Pvt. Ltd. | Software Intern | July 2024 – Oct 2024

- Interned as a .NET Full Stack Developer, gaining hands-on experience with **ASP.NET Web API**, **Entity** Framework, Blazor, and PostgreSQL to develop scalable and efficient applications.
- Contributed to the development, integration, and debugging of web-based solutions, ensuring seamless front-end and back-end functionality
- Built interactive and responsive user interfaces using Blazor, enhancing overall user experience and usability.

PROJECTS

HELPING HANDS

- This project helps users in need of blood by allowing donors to register. Users can search for donors based on blood group, state, and city, then request assistance. The system provides nearby donor details, enabling direct contact with donors or the admin.

ONLINE FOOD DELIVERY SYSTEM

- This food delivery website helps hotels and restaurants expand their business by reducing labor costs. It features an online menu that customers can browse and use to place orders with just a few clicks, streamlining the ordering process efficiently.

CERTIFICATIONS

- Software Internship Certificate – Vaaradhi Web & IT Services Pvt. Ltd. Hands-on experience in .NET Full Stack Development including ASP.NET Web API, Entity Framework, Blazor, and PostgreSQL
- Certified in .NET Full Stack Development from Sathya Technologies, enhancing skills in C#, ASP.NET, ADO.NET, and SQL Server

TRAINING

SathyaTechnologies

- Completed a 6-months .NET Full Stack Training, enhancing backend development skills and problem-solving abilities, with hands-on experience in ASP.NET Web API and SQL Server.
